Uzbekistan
KURSIV

Kursiv Uzbekistan is a media platform that focuses on subjects related to the economy, finance, business and socio-political landscape of Uzbekistan, Central Asia and the world.

Kursiv is a vital source of business analytics and information for entrepreneurs, investors and professionals interested in the Uzbekistan and Central Asian markets.

Kursiv stands out among the country's media outlets due to its innovative approach to information. Rather than merely reporting news, we take an active role in creating and shaping it.

EVENTS

Kursiv Events

We organise and execute industry-specific events in various formats. Our portfolio includes major events such as international conferences and annual awards that attract hundreds of attendees, as well as smaller, club-style gatherings designed for a limited number of guests.

Our aim is to foster meaningful and professional discussions while also creating opportunities for new informational experiences that highlight your company.

RESEARCH

Research Team

Kursiv Research

The research team at Kursiv Research offers a wide range of services in marketing and user research.

The studies help companies make informed decisions and increase the efficiency of their operations.

1

Marketing research, market analysis and analysis of consumer preferences.

2

Brand perception research assesses brand awareness and strength and identifies factors that influence brand perception among the public and targeted consumer groups.

3

Product research, identifying consumer needs, testing products for their optimisation.

4

UX/UI research studies user needs and behaviour, identifying problems in the design, texts and functions of digital products.
